

## **SECTION 2.03 COMPLIANCE CHECKS**

1. Compliance checks may be conducted by suitably trained and appointed officers within RAAus, including the Head of Flight Operations, Head of Airworthiness and Maintenance, PE or ROC who have been assigned tasks in writing by the Head of Flight Operations.
2. Pilots of recreational aircraft are required to participate with compliance checks conducted in accordance with paragraph 1 of this Section.
3. Such checks may include, but not be limited to, assessment of the pilot, the aircraft, documents relating to flight planning, weather, fuel management, aircraft documentation, etc.
4. Documents required to be produced in relation to a compliance check are to be produced when requested to the Head of Flight Operations, Head of Airworthiness and Maintenance, assigned personnel or a CASA Officer, or no later than 72 hours from the time of the request.
5. Whilst compliance checks will be carried out to ensure pilots meet minimum requirements regarding aircraft operation, the intent of the check is also to provide ongoing education to members.
6. Notwithstanding paragraph 5, identified breaches of this manual or the regulations deemed to adversely impact the safety of air navigation will be assessed in accordance with Section 2.14 of this manual and may be referred to CASA.
